

855 Falaise Cres. Development Consultation

12:45 Sat. Jan 18
Douglas Fir Room
Saanich Commonwealth
Place

The owner of 855 Falaise Cres. has applied for permission to rezone the property and replace the existing home with two new, larger homes. The development proposal would result in 4 mature Garry oaks, including the largest on the lot, being cut down. This and other aspects of the proposal are concerns to the Falaise Community Association, and we voiced the concerns to Council.

Saanich Council has asked the developer to consult further with the community in the hope that that the development proposal might be amended to better address community concerns.

Please come to hear about the proposal from the developer and let them know your concerns. **If you are unable to attend or prefer to not speak publicly, please email your comments to president@falaise.ca**
