Dear Catherine,

My name is Terri Birmingham and I am Vice President of the Falaise Community Association. After speaking to Murray Walker in the Saanich Engineering Department, I was given your name. I am contacting you in regards to residents' concerns regarding a particular street sign in the Falaise Neighbourhood.

Our problems relate to the street sign located at the intersection of Falaise Drive and Falaise Crescent. Several residents have relayed incidents regarding people in vehicles being misdirected by the current street sign at this location. Some residents have been approached on the road, in their yards, and even at their front doors by people seeking clearer direction.

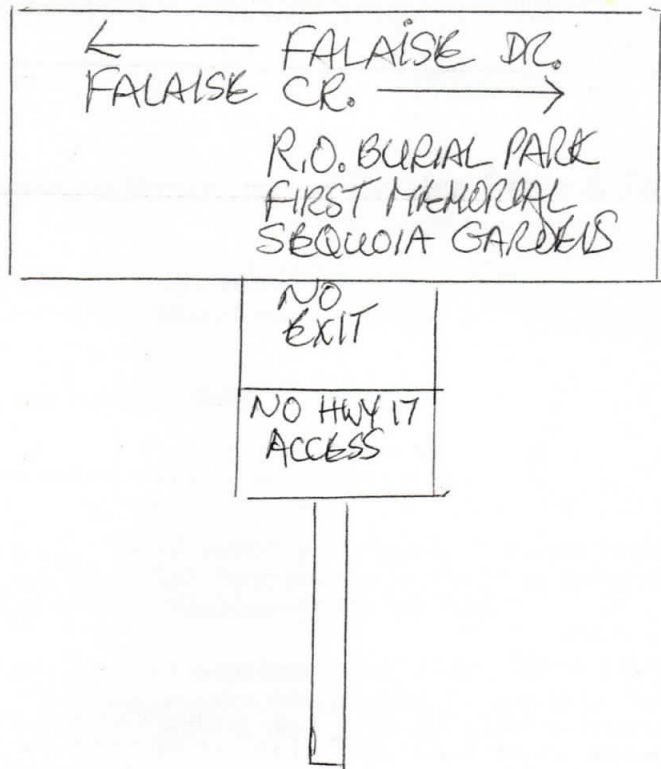

Now, with the McCall's Company business totally concentrated at their Falaise Drive property, increased traffic on our streets will be happening. I have also been advised by David McCall that he has requested from Saanich 'a name change' regarding their business on this particular sign. Previously known as 'Sequoia Gardens', now to be called McCall Gardens.

The Falaise Community Association executive have discussed this street sign and the neighbourhood issues. We would like to submit some ideas regarding possible solutions. I will drop off an envelope addressed to you at Saanich City Hall with our recommendations enclosed. I will do this Friday July 29th. Hopefully when deciding on this new Street Sign, they and the problems we have mentioned may be taken into consideration.

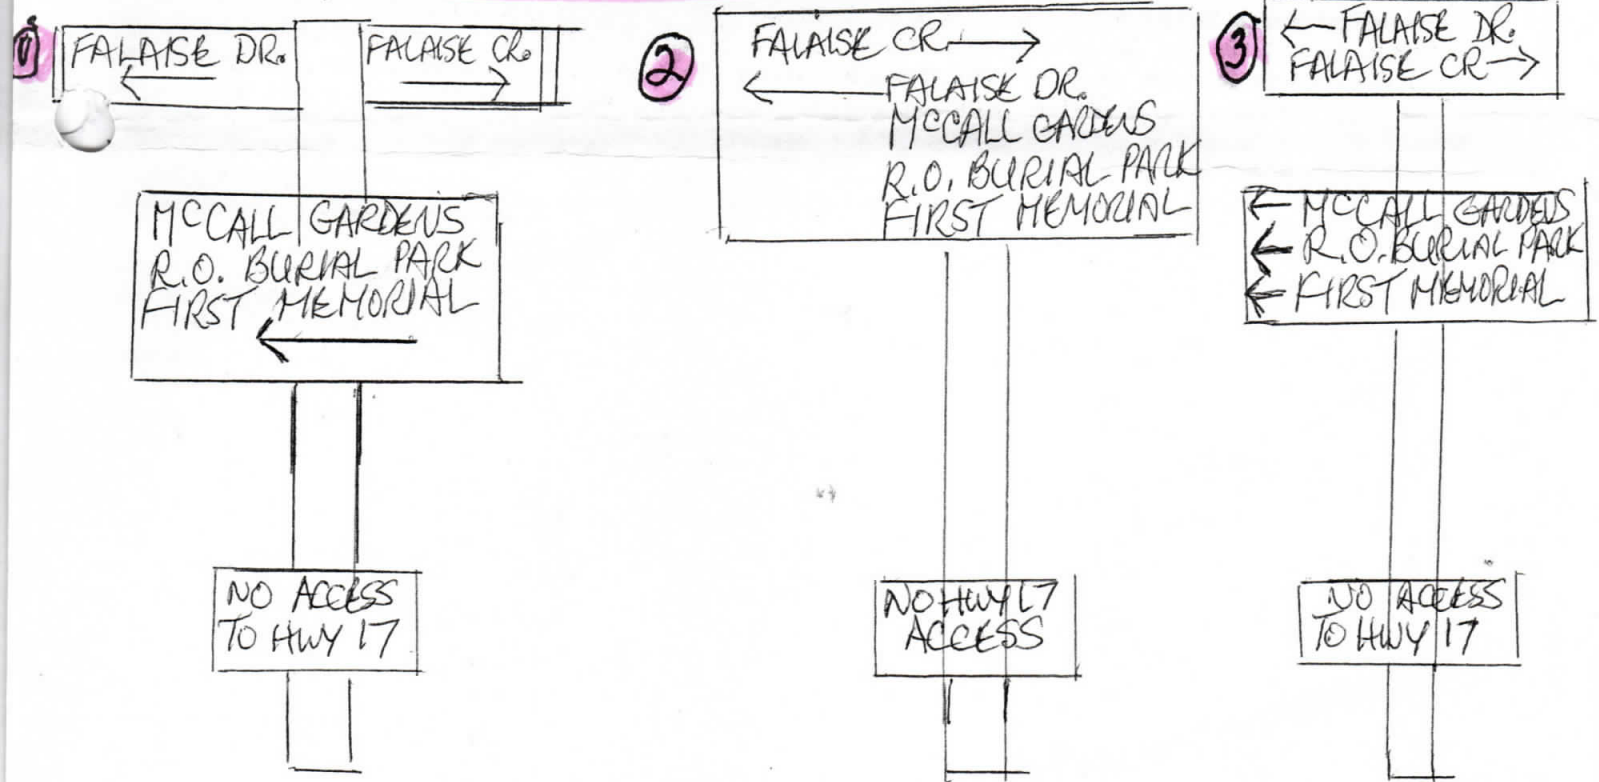

Sincerely,
Terri Birmingham
